## Just a Few of Our Satisfied Customer Testimonials...

Hello Gary,

Thank you for the wonderful product as we use it daily as a repellent and it really keeps EVERYTHING OFF of us. I have also misted it on my vegetable garden and the flies that always hang around the pumpkin plants scatter as soon as I start spraying (They don't come back all day!) It really does a great job and again, thank you.

Mr. Skierkowski,

As we talked about earlier, your mosquito treatment really does a great job. I only had to spray twice this month so far and the difference is really noticeable.

Thanks again,  
Gary S.  
Naples, FL

Dear Gary,

Thank you very much for all of your help and advice. Our yard gets infested every year and it is unbearable to us and the neighbors. Your liquid has done very well and I even sprayed my neighbors yard. WILL be back :)

The mosquito repellent works as you described. Our back yard has always been a problem and your product makes things much, much easier. We love the fact that it is all natural and feel safe using it. Keep up the good work and thank you!

Thanks,

Hello,

My spouse and I have been avid campers for the last 20 years and have tried everything imaginable. We tried your product last weekend and we actually got to enjoy sitting outside the tent and camper without worrying about the bugs. I was not bitten once and we both noticed a big difference in the amount of insects around our site. It is nice to be able to enjoy the outdoors which we both love so much. Thank you very much for a great product.
